AND ARBITRATION International investment law is in a state of evolution. With the advent of investor-State arbitration in the latter part of the twentieth century – and its exponential growth over the last decade – new levels of complexity, uncertainty and substantive expansion are emerging.
International Investments are those investments that are made outside the domestic markets and offer portfolio diversification and opportunities for risk minimization. An investor can make international investments thereby expanding his horizon of returns. In
some cases, it can also help mitigate some systematic risks associated with specific country’s economies.

Law and Treaty Evolution
Investment treaties have evolved over the course of years to recognise the rights of investors under them and protect these rights from the wrongful acts of host States. This evolution can be traced through three phases. The first phase is the Colonial Era, which covers the period from the late 18th Century to
the Second World War.

treaty practice in terms of the formal requirements to be fulfilled for foreign investments to benefit from investment treaty protections, assesses the current situation, and suggests recommendations related to those formal requirements so as to make Malaysia even more attractive as a destination for foreign ...
Evolution Of The Formal Requirements For Investment Treaty ...

Abstract. This book provides a conceptual and legal analysis of the core of investment protection guarantees that emerge from international treaties signed since 1959 for the promotion and
protection of foreign investment. It focuses on both the origin and evolution of investment treaty standards. In terms of origin, the work considers the broader context at the time when the first modern investment treaty was concluded.
